PAX

1945 EDITION OF ANNALES

COLLEGE OF NEW ROCHELLE

## *We dedicate*

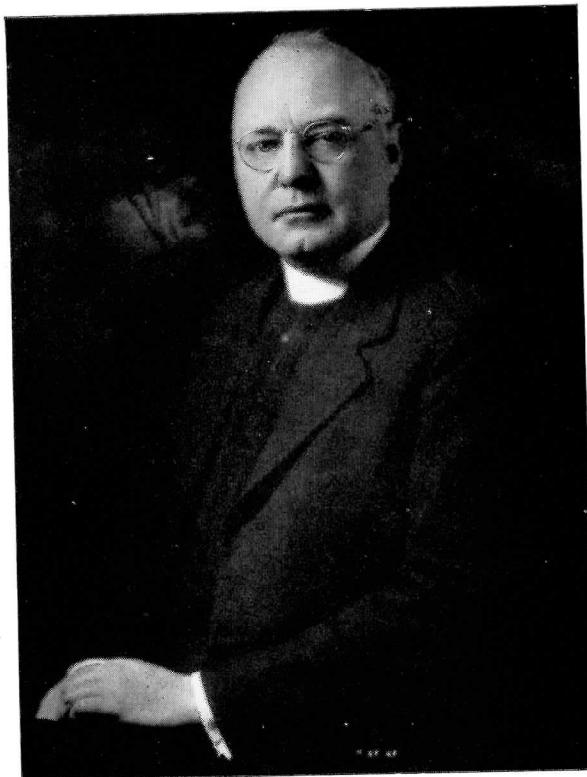

To you, who have been our Spiritual Guide,  
Keeping us closer to His Holy Side,  
Helping our merits and grace increase,  
Showing His way to a world of peace,  
Leading us to the Tabernacle door,  
Giving us Love midst the hate of war.  
For four years of studies, Masses and prayers,  
For sharing our triumph, for sharing our cares,  
For all the long years we live in Christ's fold,  
By reason of what you have shown and told,  
Brief be our words but long our thought  
For all the goodness that you have taught.  
Because to this book you're an integral part  
We dedicate it to you from a fulsome heart.

A  
378  
N42  
1945

THE VERY REVEREND MONSIGNOR GEORGE C. EHARDT

RIGHT REVEREND MONSIGNOR  
FRANCIS W. WALSH  
President

MOTHER THOMAS AQUINAS, O. S. U.  
Dean

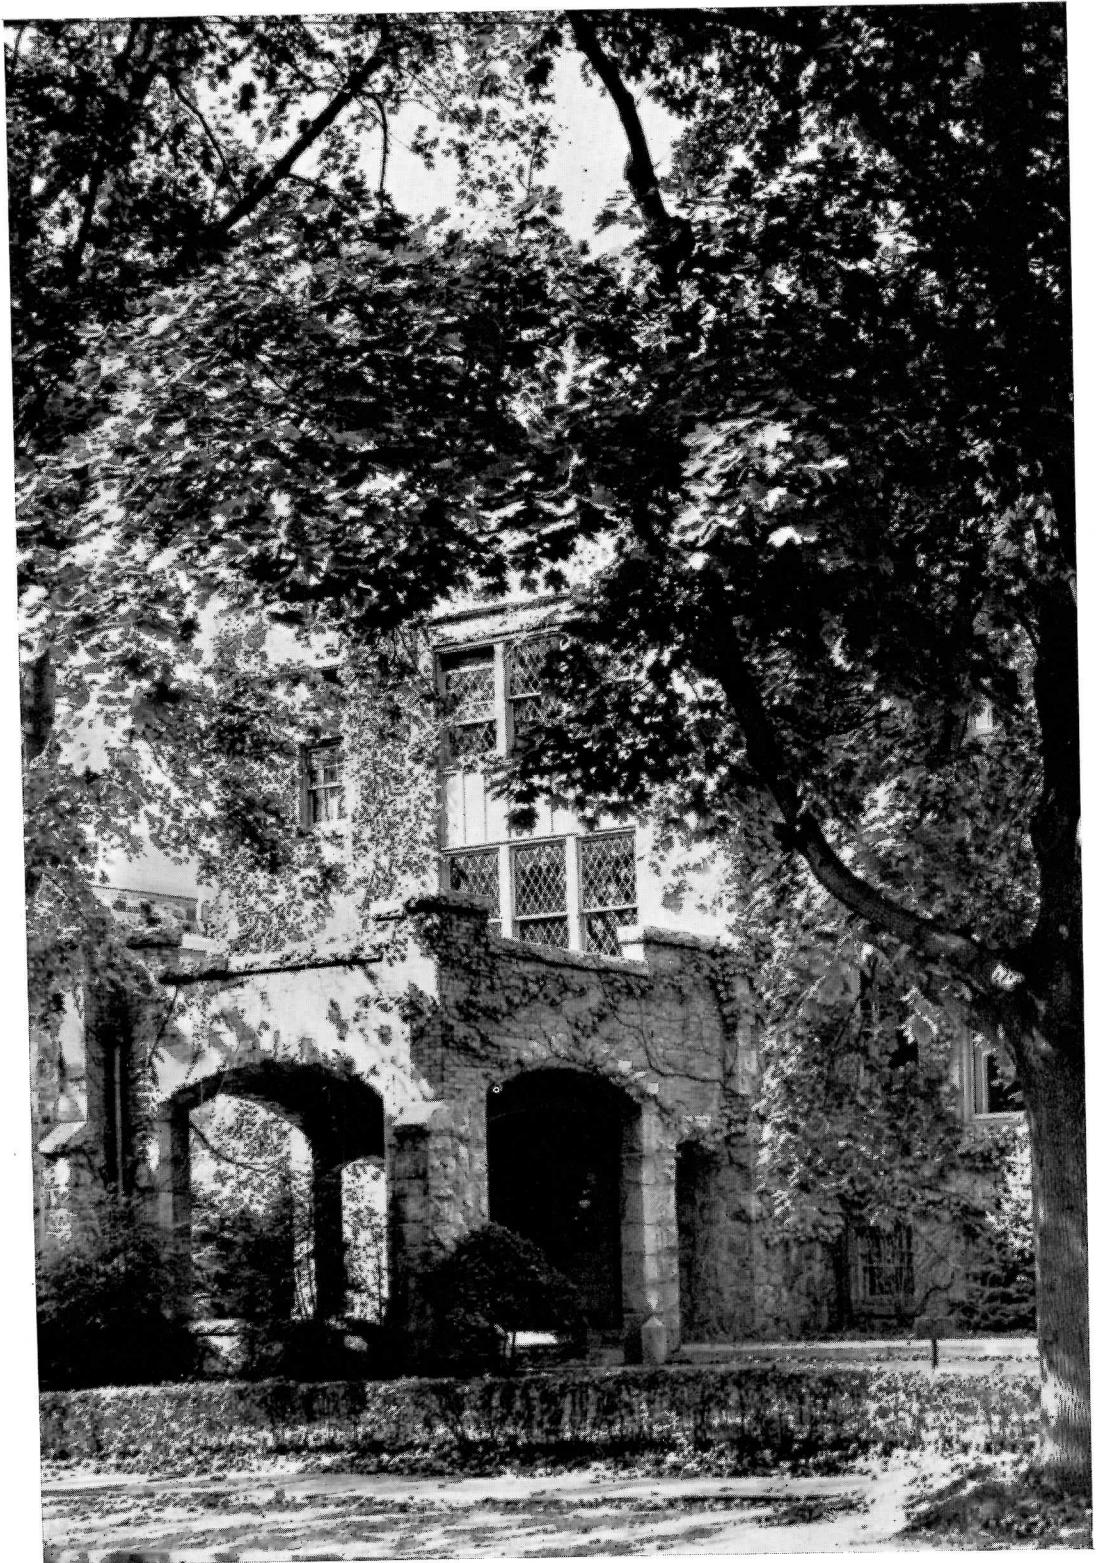

Now in this hour of chaos and war  
When the star of Mars is ascending,  
We cannot write as we have before  
For the world we have known is ending.  
We emerged from childhood's chrysalis late  
We cherished our dreams a little bit longer;  
Then, war brought us roughly up to date  
And somehow made us finer and stronger.

We have not attended our college in peace,  
Thus dearer her very spirit serene.  
And yearly her beauty seemed to increase  
Reflected in all of the campus scene.

Now we seek to the nations to impart  
The love we have found in His Holy Heart.

*In the beginning . . .*

In the beginning was a world of beauty  
Created by love for filial duty.  
  
And the lamb and the wolf walked side by side  
And the sea was calm with a gentle tide.  
  
And the things of the earth prospered and grew  
For the ways were untrod, the mountains new.  
  
All were content when the world began,  
All but a single creature—man.  
  
The stage was set, the moment at hand  
Then the serpent slithered across the land.  
  
He tempted the woman, and weak, she fell  
And straightway opened the gates of hell.  
  
Silently, swiftly, peace slipped away  
And ever eluded us down to this day.  
  
But somehow the voices raised in prayer,  
Lifted in hope above the despair,  
Brought down the miracle to earth again  
And Love was born in the world of men.

But the scales of greed were fixed in their places,  
And men had the look of hate on their faces.  
But some men saw, believed and knew,  
And followed, for His Church was true.  
And through the ages then it spread  
Fostered by living, advanced by dead.  
Dead and with holy martyrdom crowned,  
Spreading the faith through their blood in the ground.  
So out of the morass and mire of sin  
Man was saved—the Church would win.  
Yet shoulders drooped 'neath worldly wealth;  
We pampered our bodies and cared for their health  
For weakness and evil lurked within  
Turning our hearts into ways of sin.  
And greed and jealousy spawned side by side  
And earth was bathed in a bloody tide.  
Often the earth would thunder with war  
Greed, gain and plunder more and more.

One, peaceful and calm, through all the ages  
Sought ever to calm the wrath and rages.  
He prayed for peace and had a plan.  
But none would list to the holy man.  
The right to liberty, he said,  
Disarm and free the world from dread.  
A Court to act where nations fail  
Where truth and justice will prevail.  
And let the world at last return  
To God for Whom all peoples yearn.

And within the folds of His Church abide  
To find peace and solace by His side.

This was Pope Pius' Five Point Plan  
But it went unheeded by Mars-minded man.  
We, at college, could we smugly preach?  
No, we'd learned the lesson the world could teach.  
We could not see, our age was blind.

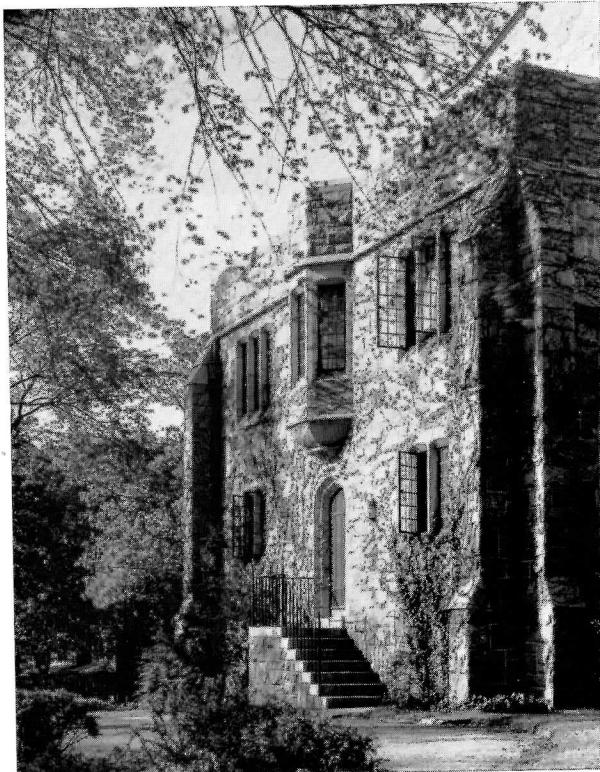

We looked on the present, it filled our mind.  
We were used to the fruits that America bore.  
We were sure she had an abundant store  
Of the things our earthy hands would hold—  
Good food—laughter—youth and gold.

We were raised on a Broadway and Hollywood diet,  
If there was something we wanted, money would buy it;  
Yet we were better than most, worse than a few,  
But remember, our hearts and minds were new.  
We came to college eager eyed—amazed—  
And walking slowly . . .

*We gazed...*

*and gazed...*

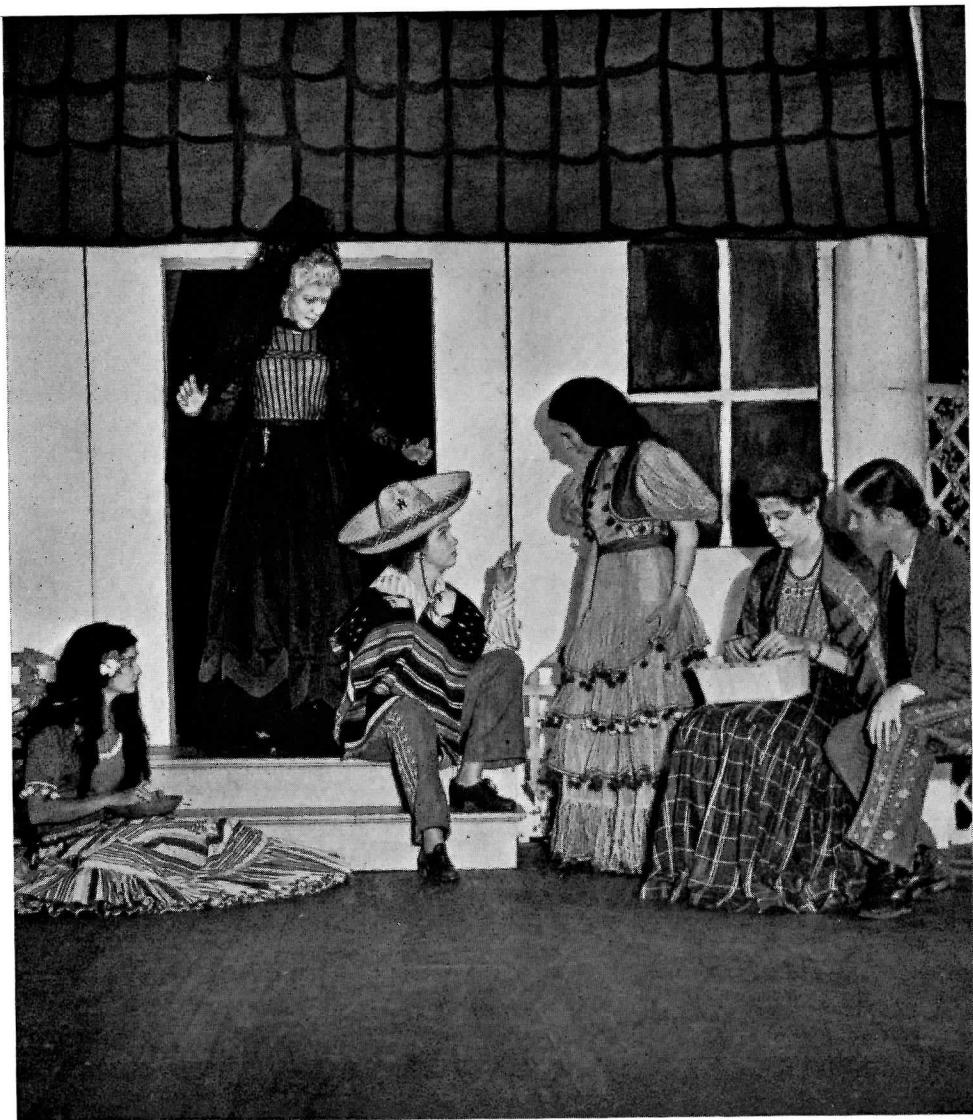

*and gazed*

It was all very different, it was all very strange,  
And, self-centered, we resented the change.  
Gradually we accepted the fact with ease  
And went to some . . .

PLAYS

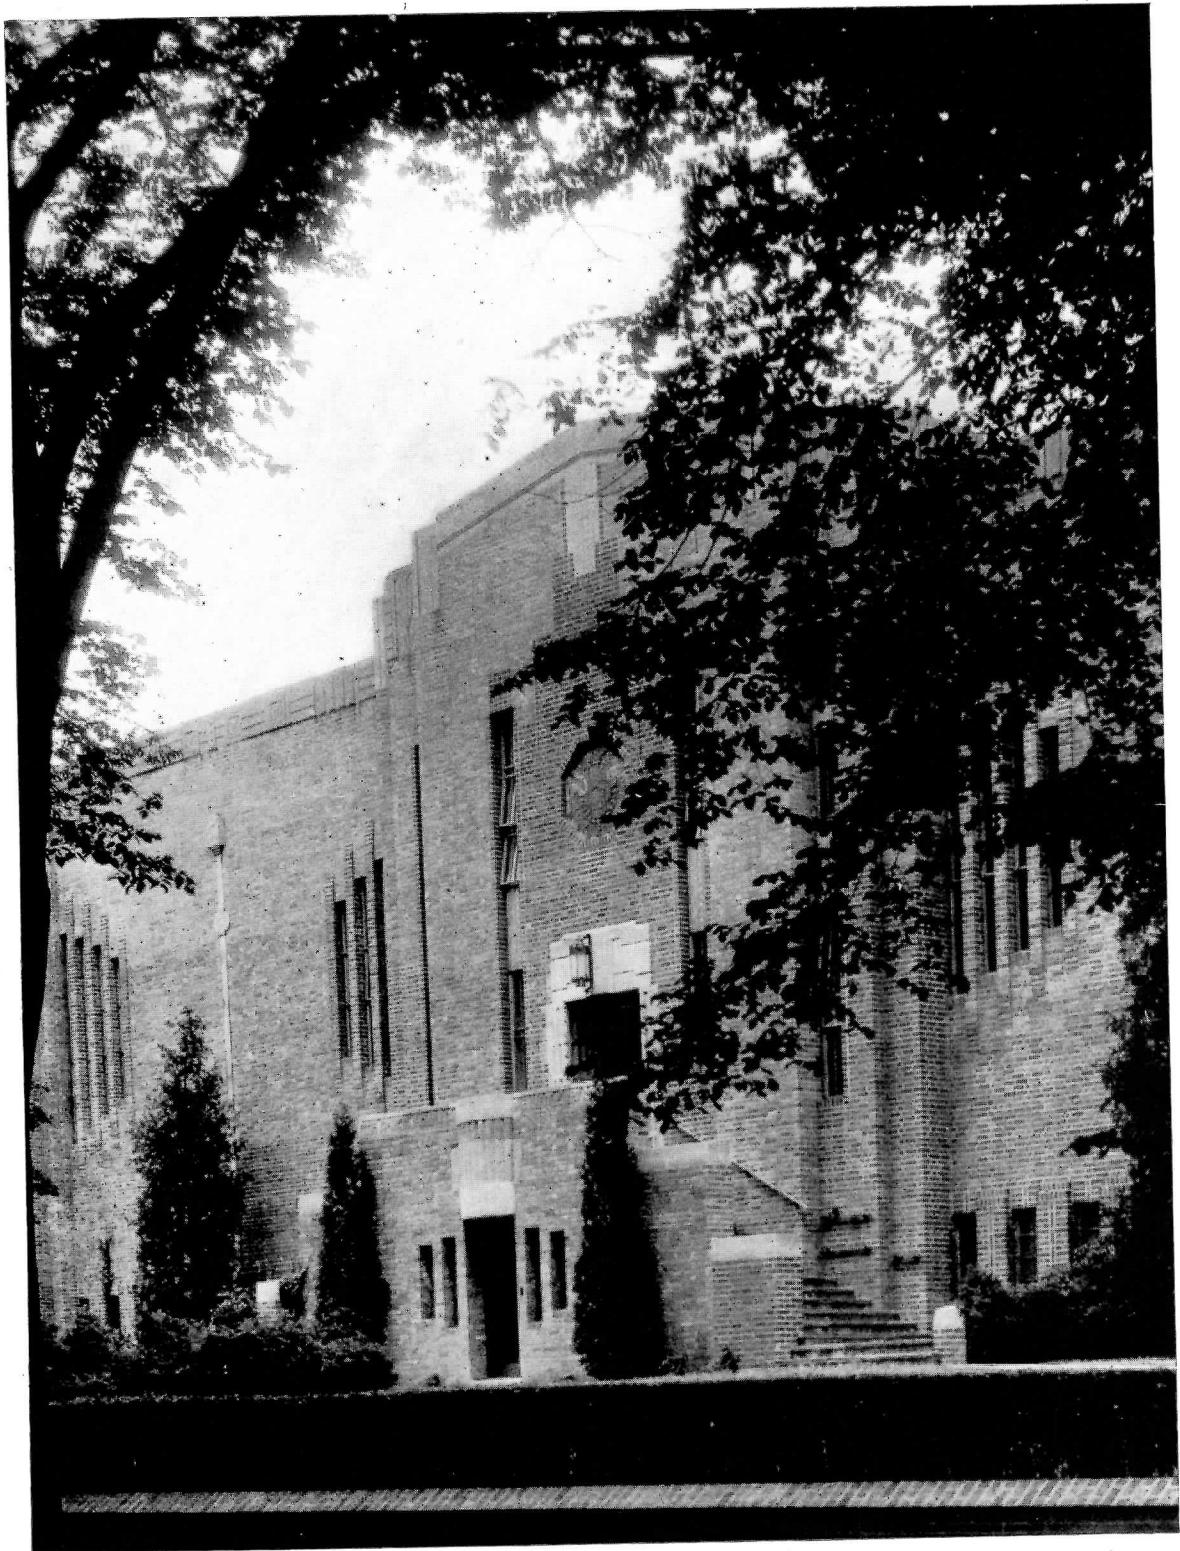

ACTIVITIES

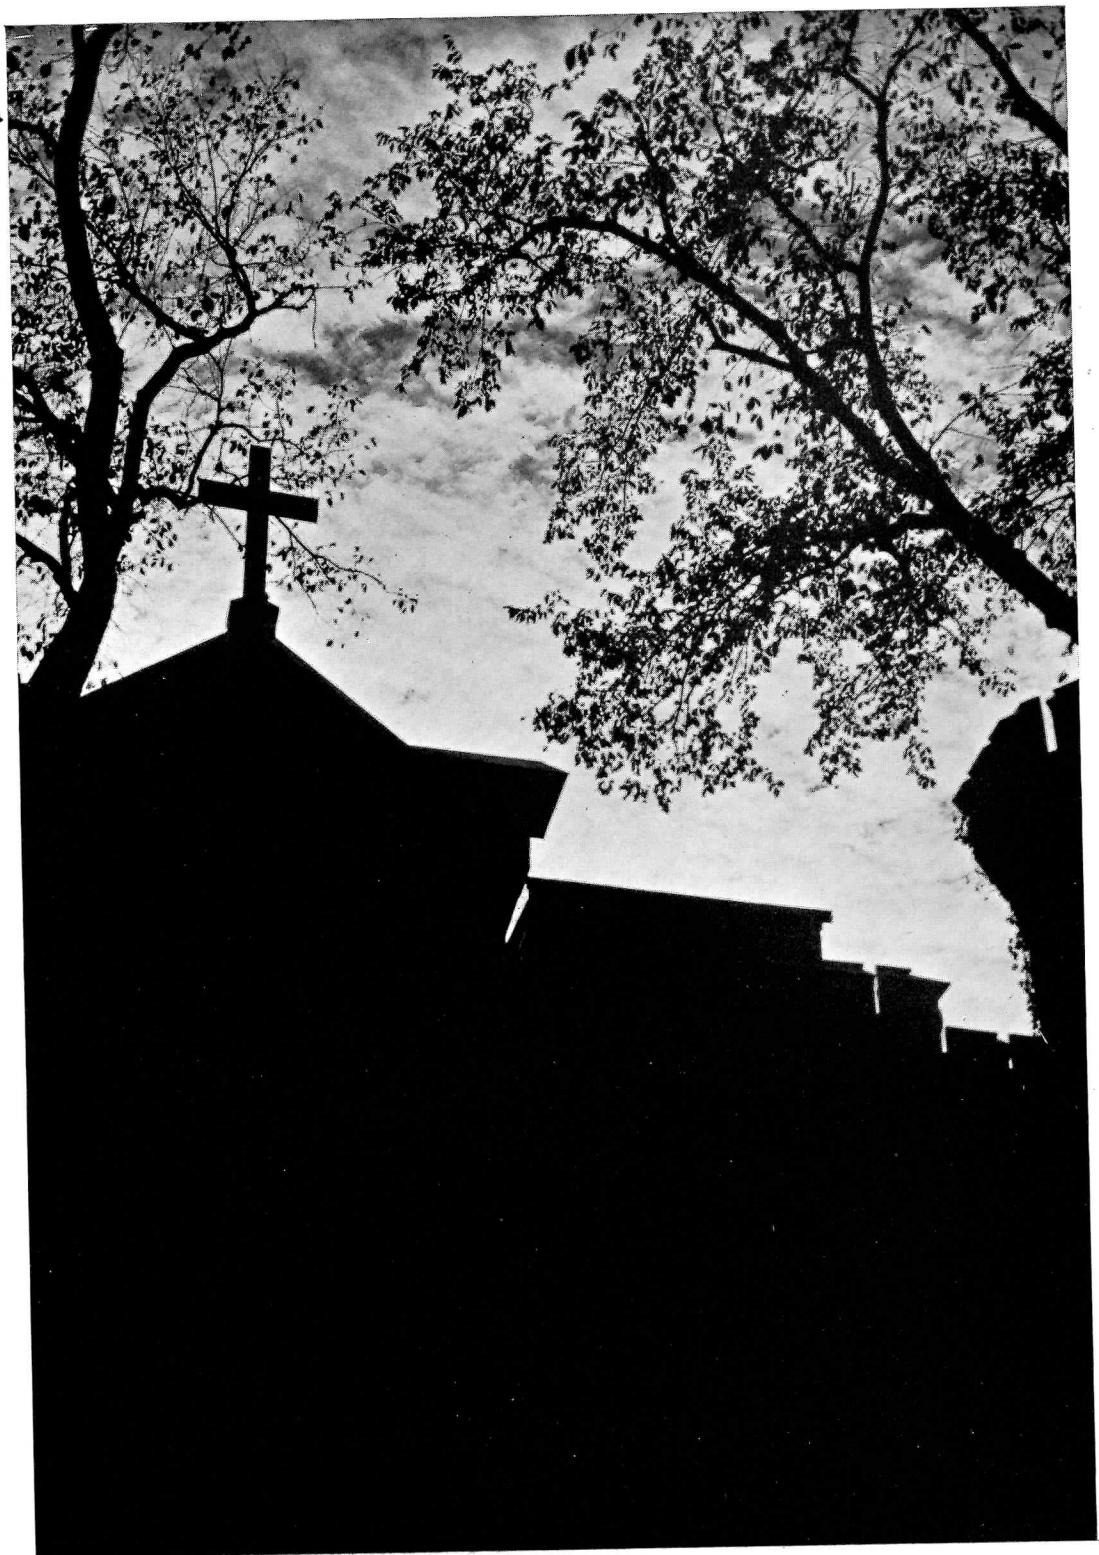

DANCES

TEAS

We considered a major, we tested them all,  
But what need to hurry—it was just our first Fall.  
Time enough later to make a choice  
Now there was bridge, and knitting, the Voice.  
We came with our values a little askew  
But we came from a world of material hue.  
We knew that England had gone to war  
Just as China had done five years before.  
Poland in anguish—Holland laid prone,  
The Netherlands taken—the land of the Rhone.  
We read the papers, we knew the worst;  
Too bad about Europe—but America first.  
And so we continued our merry way  
For it all seemed remote and far away;  
And everything was as it had been before,  
Peaceful and “right”—unchanged by war.  
Three years ago, do you remember?  
Then, came the seventh—our Freshman December.

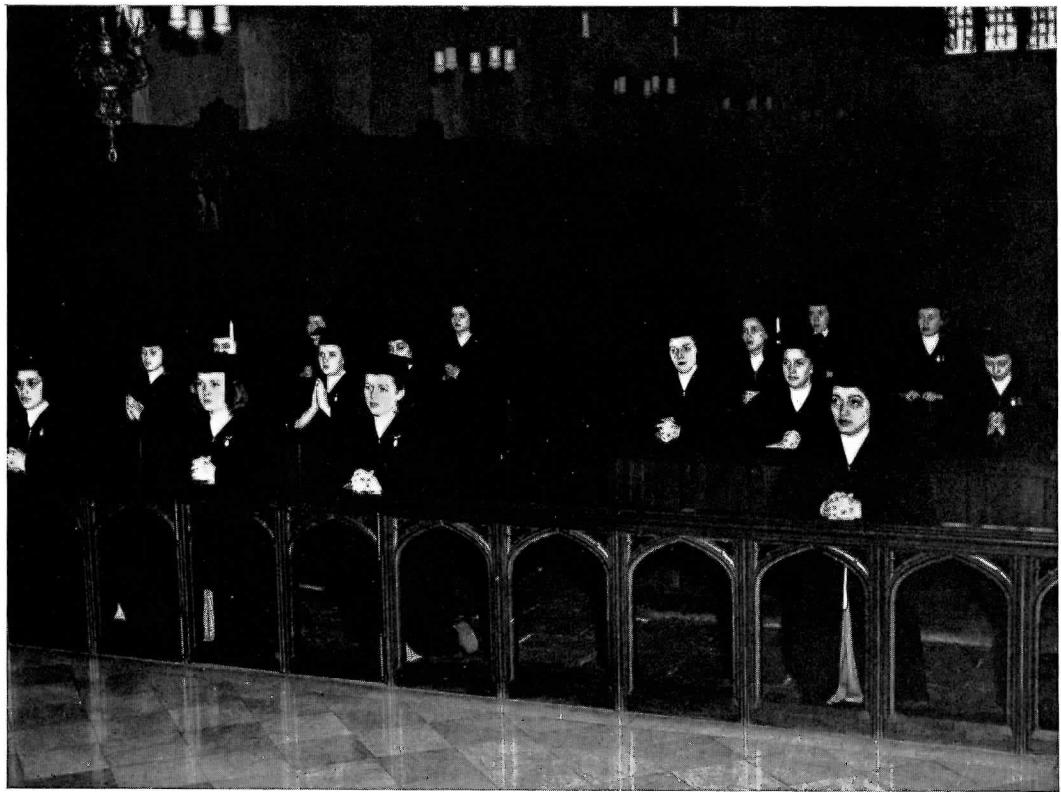

*Then came the days  
of wonder*

Then came the days of wonder and doubts  
Peace had whispered while Hatred shouts.  
Gradually clear came the image of fear  
For the war and death came alarmingly near  
So we joined in faith and raised our prayer  
And the way was opened and the way was fair.  
We realized now the reason we came  
To a college of cultural Catholic fame.

CHAPEL

We sought to be Children of Mary now  
With fervor we uttered Sodality's vow,  
Uniting ourselves with the world's every part  
As Promoters of the League of the Sacred Heart.

SODALITY

LEAGUE OF THE SACRED HEART

MISSION CLUB

BRAILLE

We thought of some boys the war might blind,  
And helped those who see not with eyes, but the mind,  
And many with patience would write in Braille—  
What a gift to bring to the altar rail!  
And those who heeded the Lord's command  
To spread His doctrine to every land.  
With fingers nimble to cut and sew  
The Mission Club worked that His flock might grow.

PEACE GROUP

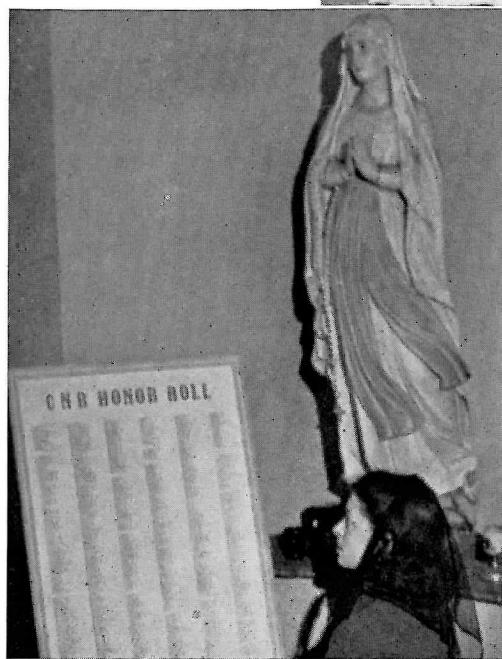

INTERRACIAL GROUP

We looked at the clubs and joined a few  
Interracial, Peace Group, these were new  
Solemn in purpose, of world import,  
Concerned with the problems the war had brought,  
Not caused—but revealed to our unveiled eye

To better the world must man always die?  
With coastland vigilance we dimmed the lamps  
Defense Council formed for blood and stamps.  
Lists in the Chapel, not lonely there,  
But lovingly consigned to Our Lady's care.

DEFENSE COUNCIL

CHAPEL

Mens sana in corpore sano said the Greek  
What good the mind, if the body be weak?  
So all of the college belonged to A.A.  
Where the health of the body seemed like play.  
And those of a more mathematical bent  
To their own Pi Delta talent lent.  
There were clubs that aimed at world relations  
For they spoke the tongues of many nations.

PI DELTA

BIOLOGY CLUB

ATHLETIC ASSOCIATION

LE CIRCLE JEANNE D'ARC

DER DEUTSCHE VEREIN

French and Italian and German clubs still,  
And Spanish to promote our neighbors' good will.  
These were the clubs of the tongues yet new:

EL CENTRO HISPANO

EL CIRCOLO DANTE

LECTURE GROUP

SOCIOLOGY CLUB

But the Classical Club continued too.

For add to the new, the best of the old

And it's a wonderful world you'll mold.

And there were the clubs of the helpers of men

Those who would succour the earth again.

Sociology would help them rebuild their life

And Lecture Group busy amid the strife

Would help to show the better way

That ever we'd know a peace-filled day.

CLASSICAL CLUB

But the spirit of man must seek the fine  
To take delight in a picture or line  
So Daubers continued to dabble in paint  
And Poetry raised sinner nearer to saint.  
For such is the power of words on a page  
That have affected the span of an age.  
And those whom business power would wield  
Formed Alpha Pi in their chosen field.

DAUBERS

POETRY CLUB

ALPHA PI

And Alpha Alpha invited the bright  
Who in philosophy took great delight  
But who will interpret the written word,  
Lovelier when both seen and heard.  
Props and Paint promotes the play  
Producing comic and tragic lay.  
And others would raise their voices on high  
For Choir sang praises of Him in the sky.

ALPHA ALPHA

PROPS AND PAINT

CHOIR

But words can be sung as well as spoken  
The Glee Club weaves a spell unbroken  
By passage of time or mark of war;  
These things continue as before.  
Scribblers keeps alive the past  
Lest the fine things fade too fast.  
And oratory, that Roman art,  
Still flourishes in Council's heart.

GLEE CLUB

SCRIBBLERS

COUNCIL OF DEBATE

TATLER

QUARTERLY

The students presented their own creations  
In each of campus' three publications  
The Quarterly, Tatler, Annales were these  
That provided a literary value to please.

ANNALES

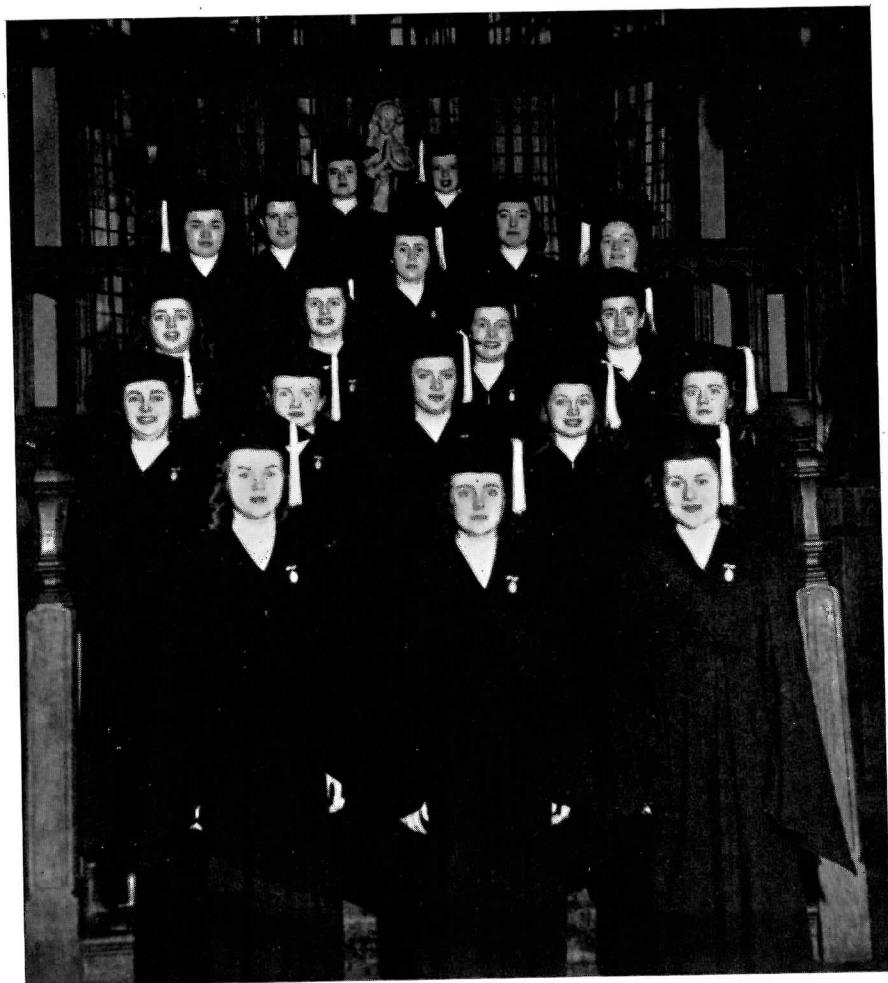

Self government reigned at New Rochelle.

The Advisory Board administered well

The rules their knowledge could devise

For they were just and they were wise.

ADVISORY BOARD

SENIOR CLASS OFFICERS

SOPHOMORE CLASS OFFICERS

JUNIOR CLASS OFFICERS

FRESHMAN CLASS OFFICERS

We all were members of one or another  
But One alone made all men brothers  
Partakers of love in a secret tryst  
Bound in the mystical Body of Christ.  
Slower the footsteps on the stairs,  
Oftener whispered petitioning prayers  
Determined the minds, the purposes, firm  
Much to accomplish in the ensuing term.  
It is woman who raises society's level  
As it once was a Woman who crushed the devil.  
If the world must be better after the strife  
Then all ought to lead a Catholic life.  
Responsible now we had a task  
Our Lady's help we first did ask.  
The battle-cry's sounded, the martial drum  
But what when the days of peace will come?  
With spiritual strength and moral light  
We could wager a winning fight.

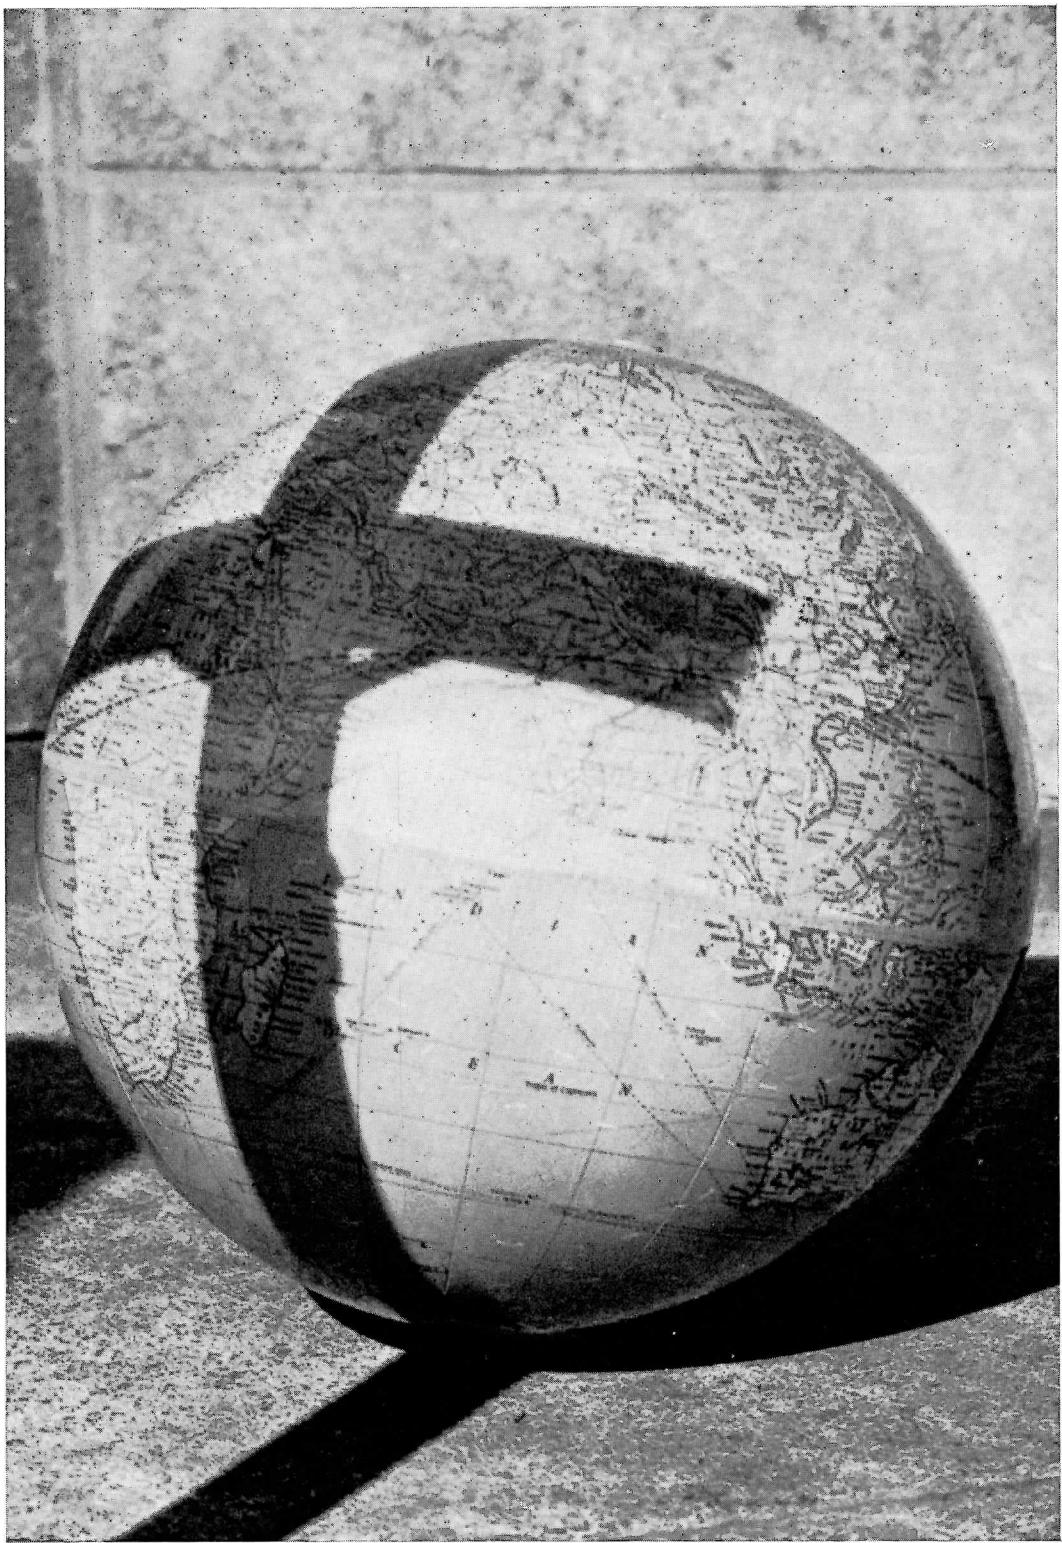

UNDERGRADUATE CHAPTER HEADS

And great would be the harvest's yield  
For some would go to the distant field  
From whence they came to college here  
And thus the word grows far and near.  
For in the vineyard of the King  
We'd labour long and by this thing

To solace Christ, appease His loss  
And conquer with the saving Cross.  
Remembering what He did for man  
Salvation has a simple plan.  
It would not be easy, the work would be slow  
But what is earth's time in Eternity's glow. . .

OUR LADY'S GROTTO

*To bring forth the  
flower of peace . . .*

RELIGION DEPARTMENT

To bring forth the flower of Peace from seed  
What were the courses that we would need?  
Have a reason, once said St. Paul,  
Religion, therefore, comes first of all.  
If this would be so in every man's life  
Then, nevermore need the world know strife  
For faith has the grace to lead man back  
It's the thing that secular colleges lack,  
It's the reason we know our college is fine,  
For its spirit's not human, but divine.  
We heard recounted the Church's past  
And the doctrine that bound and held us fast.

We learned of Catholicism in other sources  
For philosophy and logic were required courses  
That lead to a firmer knowledge of One  
Who is the source of all that is done.  
We went to the past to absorb its magic  
We read the Greeks, comic and tragic.  
Others choose Dante's famous guide  
And walked with him by Virgil's side  
And solaced were those who could not speak  
The difficult tongues of Latin or Greek  
For each of these arts found realization  
In the course of Classical Civilization.

CLASSICAL DEPARTMENT

PHILOSOPHY DEPARTMENT

We would need to put our belief into word  
That could be seen and known and heard.  
We studied England's verse and prose  
Shakespeare, Milton, Spenser and those  
Like Dante of another land  
The better to perfect the work of our hand.  
For ours was not work of the sword but the pen  
For thus would women bring peace again.  
How beautiful when the language is choice  
To have it given articulate voice.  
This was an art within our reach  
So many majored in the realm of Speech.

SPEECH DEPARTMENT

ENGLISH DEPARTMENT

LANGUAGE DEPARTMENT

We remembered that all of the world is bound  
In the body that circles the earth around  
And so to promote our resurgent plan  
We must reach the heart of every man.  
So some of us mastered the intricate art  
Of speaking the tongue of an alien part,  
Some chose the liquid Italian tongue  
So lovely it seems not said but sung;  
Or perhaps the lilting language of Gaul  
They studied the language, the literature—all.  
The third of the moderns is of unhappy fame  
But German students will restore its good name.

MUSIC DEPARTMENT

ART DEPARTMENT

How can the life of a man be complete  
If he doesn't know music, melodious, sweet?  
Whether piano or harp, solo or choir  
The spirit of music lifts the soul higher.  
For be it Palestrina or Chopin's art  
Music has power to touch the heart.  
And the message of Love can be found in beauty  
His Glory, the talented student's duty.  
So pupils of art wrought for His pleasure,  
Their work to add to His earthly treasure  
Resurgent the world and this our duty  
To bring back the power of Peace's beauty.

This be the time of the impatient years  
The great generation of turmoil and tears.  
Great we admit is the post-war task  
But the help of the Lord is all we need ask.  
Aesthetic, religious, but there was still more,  
The wonders that science held in store,  
The secrets of life that nature reveals,  
In how a thing looks and acts and feels.  
So we studied Biology encompassing these  
The science of brute—of man—of trees.  
Others there were who labored smock-clad  
Over test-tubes and burners in Chemistry Lab.  
The last of the trio who followed this path  
Were majors in physics or majors in math.

SCIENCE DEPARTMENT

PHYSICS AND MATHEMATICS DEPARTMENT

We alone realize the way to Peace  
And that our knowledge of it might increase  
We studied the way man went in the past  
And why peace and love seem not to last.  
The path of the centuries History unfolds  
We see the way man his destiny molds.  
The story of our country and other lands  
Seen as a Catholic who understands  
That faith and reason alone can bring  
The peace that is a blessed thing.  
The ways by which our doctrine will spread  
Are found in the books our Psychologists read.

HISTORY DEPARTMENT

PSYCHOLOGY DEPARTMENT

SOCIOLOGY AND ECONOMICS DEPARTMENTS

Man owes to society a staggering debt  
Which Sociology Majors never forget.  
And wondrous they are in helping man know  
How the thoughts of another are nourished and grow.  
Economics and Commerce attracted those  
Interested in the financial throes.  
They took dictation, typed with speed  
Prepared to help the business need.

COMMERCE DEPARTMENT

These were the subjects open to us  
And some we took with considerable fuss  
But our mental stature yearly grew  
For future work we had to do.  
Imbued with Faith, equipped with art  
We stood ready to reach humanity's heart.  
These are the girls who forward strive  
The College Class of Forty-Five.

This is what we have tried to say—  
We seek to be Mary-like, every way,  
For she was all virtues embodied in one,  
With compassion bearing her saving Son,  
Who opened the gates, made clear the way  
Even as yet He does today.  
The earth has need of a woman's care,  
To bring forth beauty, make life fair.  
She was gentle and patient with little things  
And loving all with a heart that sings.  
For love is the fount of the healing art,  
And we bind man's wounds with a woman's heart.  
So now with head and heart and hand  
We'll seek to bring God to the land.

"COORDINATION"—not a large word but a word America is becoming more conscious of every day as we bend our united might to the struggle before us and Industry keeps ponderous step with the rhythmic sweep of our Armed Forces. A small word—but it embodies a principle upon which our success depends. It means the strictest economy of Money, Materials, and Time! B J H learned to appreciate that principle a long time ago. It is for that reason that we have consistently advocated the coordination of all factors of yearbook production. We are proud to have demonstrated this principle in the production of this yearbook.

# of reaching for a star

does it seem like an idle occupation? It hasn't been—not for a moment. For that star is a goal, an ideal, a striving—for-perfection that has been our constant aim all through the years. A seeking, a searching out of the ever-changing tastes and needs of the people we serve . . . an accumulation of past experiences used as a guide for new worlds to conquer. And so we go on—reaching for stars, using their beams to lead further along on our path as New York's oldest specialty shop.
